FREYA

The best trailer for all your hobbies and garden raids

Don't want cheap and tacky? We won't leave you with a frail, unsafe trailer. Even when your furthest trip is with garden waste or old furniture to be recycling site.

That's why we designed Freya. Named after one of the most popular Goddesses from the Nordic mythology, Freya fits perfectly into the summer landscape. When you see Freya parked in front of the house, you know Summer has arrived.

Freya is the most durable, traffic-safe and user-friendly trailer for your hobbies / gardens on the market. Freya comes with features that millions of trailer owners wish their trailer had.

With Viking Trailers' unique Click & Go ® system, you can easily increase and decrease your trailer's height. *Hoops for High Cover*, *Side Extension Kit* and *Mesh Side Kit* are mounted with a simple click, without the use of tools, so you can move quickly.

Freya, the professional trailer for the leisure chief.
